April 3, 2016

# P802.1CF OmniRAN Network Reference Model

# P802.1CF: Network Reference Model and Functional Description of IEEE 802 Access Network

# Other Relevant 802.1 Projects

- 802E
  - Privacy Considerations – Recommended Practices for IEEE 802 Protocol Developers
  - Threat Model and Mitigations Against Privacy Threats
  - Currently being worked under 802.1 SEC TG
- 802c
  - Local Medium Access Control (MAC) Address Usage – Range assignments of local MAC addresses for protocols using a CID, for use by local administrators, and recommendation of range of local MAC addresses for use by IEEE 802 protocols
  - Currently being worked under 802.1 DCB TG
