

# PERM in satellite home networks

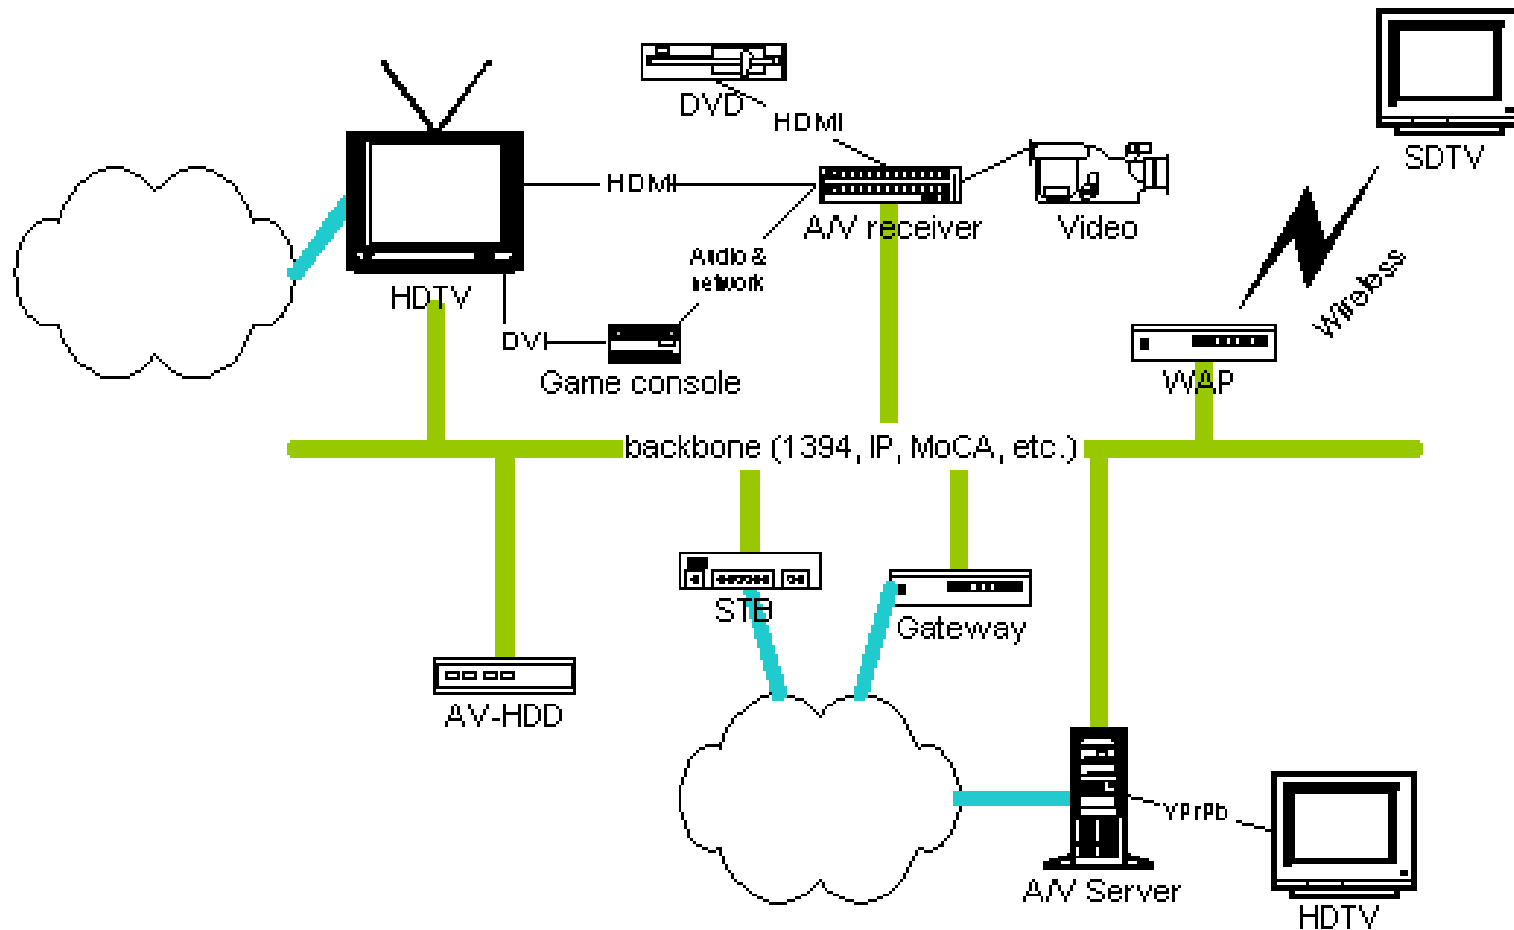

John Card II

EchoStar Technologies Corp.

# Rationale

- In a connected home network:
  - When choice between sources is possible, value will be important.
  - Satellite is one source for protected content.
  - Satellite is the best value for lots of content.
- Simply put:
  - Demand for entertainment content exists
  - PERM helps that demand to be met
  - The market can grow

# Connected home network (PERM)

# Why a standard like PERM?

- Enables policy communication between disparate systems
  - which
- Enables interoperation between devices
  - so that
- Protected content can flow around the home
