Milestone Status

WG Status Update

Outstanding:

- ***Aug 03 Submit remaining congestion control building blocks (TFMCC, PGMCC) for publication as Experimental***
- ***Dec 03 Evaluate when and how the RMT Experimental specifications will be submitted for publication as Proposed Standard, and update this charter accordingly***

Todo

- ***Update the milestones to reflect reality...***
- ***Possibly update the milestones to incorporate the FEC BB updates***
- ***Plan for moving RMT RFCs to Standard Track***
