

Ops & Management Open Area Meeting

Agenda

David Kessens <david.kessens@nokia.com>
Bert Wijnen <bwijnen@lucent.com>

Agenda (1/5)

- Administrative stuff
 - appointment of scribe
 - blue sheets
 - agenda bashing
(David Kessens, Bert Wijnen)
- Area news and updates
(Bert Wijnen, David Kessens)

10 minutes for agenda item A&B

Agenda (2/5)

- SNMP/ISMS issues:

Overlap between SNMP+ISMS/NETCONF
(David Harrington & Simon Leinen - 20 minutes)

Some people see potential in evolving NETCONF - which currently focuses on configuration management - into a more general network management protocol, which would subsume much of what SNMP was designed for. At the same time, the ISMS (Integrated Security Mechanisms for SNMP) WG is converging towards the same connection-oriented underlying transport (SSH) as NETCONF.

- Discussion (20 minutes)

Agenda (3/5)

- Proposed working groups
 - MAVS BOF proposal
(Martin Halstead - 12 minutes)
 - AAA Maintenance
(John Loughney - 10 minutes during mini break)

CANCELED

Agenda (4/5)

- Diffserv Control Plane Elements (DCPEI)
(Kathleen Nichols, Scott Bradner - 18 minutes)

mailing list: dcpel@ietf.org

archive: <https://www1.ietf.org/mailman/listinfo/dcpel>

- Existing diffserv control plane work on nsis, NGN
and ETSI
(Hannes Tschofenig - tentative, 12 minutes)

Discussion (20 minutes)

Agenda (5/5)

- Open Mike
- AOB
