# Background

- DCCP User Guide – draft-ietf-dccp-user-guide-03.txt
  - Written from a "how to adapt your app" point of view
  - At IETF62 (Minneapolis), decided to split into two parts
    - User Guide – API centric view
    - Media Issues – new draft
- TFRC Media – draft-ietf-dccp-tfrc-media-01.txt
  - The "new" draft
- Both drafts expired
  - Available at http://www.phelan-4.com/dccp/

# Status

- ## User Guide
  - Removal of media issues leaves little content
  - Needs full rewrite with API view
- ## TFRC Media
  - Awaiting feedback from implementation or simulation experience
  - Maybe Colin has some input today?
