MIP4 Recharter Discussion

IETF74

Multiple Tunnel Support

- **draft-gundavelli-mip4-multiple-tunnel-support-00**
  - We've had some good discussion already on the mailing list
  - Seems like a potentially useful extension. Comments?

BTN Fast Handoff

- **draft-doswald-robert-mip4-btn-fmipv4-00**
  - This was presented at IETF-72. Is there interest in working on it?
  - Other comments?

Home Agent Assisted RO

- **draft-makela-mip4-nemo-haaro-03**
  - This was presented at IETF-70 and it looks like there have been a couple of revisions since.
  - Is there interest in working on it? Other comments?

Bulk Revocation

- **draft-acee-mip4-bulk-revocation-01**
  - This was presented at IETF-70. Is there interest in working on it?
  - Other comments?

GRE Key Extension

- **draft-yegani-gre-key-extension-03**
  - This was presented at IETF-70. Is there interest in working on it?
  - Other comments?

Host Configuration

- **draft-deng-mip4-host-configuration-00**
- **draft-chakrabarti-mip4-mcbc-03**
  - These two items are related, because DHCP uses IP-layer broadcast to deliver DHCPREQUEST messages.
  - Proposal: that we drop the gen-ext draft and add these two. Comments?
