

199

Status update

draft-ietf-sip-199-06

Christer Holmberg

(christer.holmberg@ericsson.com)

OPEN ISSUES (1/2):

- **Currently no open issues**
- Who sends 199:
 - UA allowed
 - Proxy allowed
- SIP information in 199:
 - Reason header
 - sipfrag not mentioned in the draft
- 199 option-tag:
 - Option-tag specified

OPEN ISSUES (2/2):

- Reliable 199
 - Proxy must not send 199 reliably
 - UA may send 199 reliably
 - Unreliable 199 can be sent even if 100rel is required
 - Since UA has indicated support of 199, it will be able to handle it
- Security impact text added

- Some editorial fixes still to do

PROPOSAL

- WGLC

Thanks to everyone who has provided
comments!

199 IS GOOD
FOR YOU!
