

SCTP Socket API

draft-ietf-tsvwg-sctpsocket-22.txt

Randall Stewart (rstewart@huawei.com)

Michael Tüxen (tuexen@fh-muenster.de)

Current Status

- Incorporated many editorial changes.
- Review by authors.
- Some outstanding issues brought up by the review.
- Another revision is needed.

Open Issues

- Some descriptions are not clear enough.
- The API has evolved over about 10 years as the protocol has been extended.
- Some of the original assumptions had to be revisited.
- Some of the original structures/functions need to be deprecated and more appropriate ways specified.
