MPLS-TP Loopback Draft
draft-ietf-mpls-tp-li-lb-02.txt

Changes that will be made to the draft

- Loopback function will only be done by Management.

- Lock instruct function will be done using an OAM message, the details of this message will be discussed this week and agreed on.

- Will use the MEP-ID TLV defined in the CC-CV-RDI draft in the LI message.

- The security aspect of this message will be discussed this week and agreed on.

Next Steps..

We will submit the updated draft and ask for another Last call.

Thank You
