# RIM Advance Crew July 2011

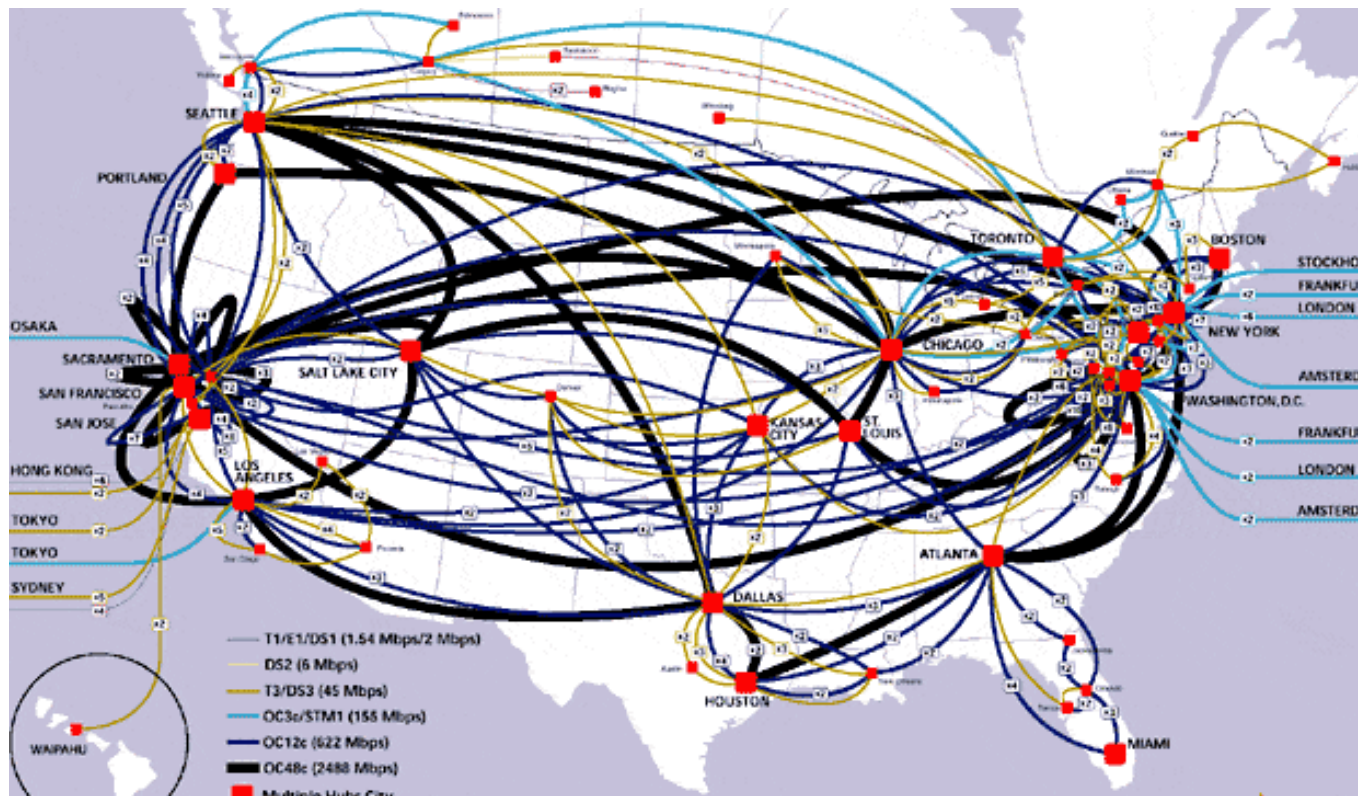

Research In Motion would like to thank their Royal Highnesses, The Duke and Duchess of Cambridge for graciously agreeing to come to Quebec City ahead of time and making sure the city was ready for the IETF delegates

What does a 17<sup>th</sup> and 18<sup>th</sup>  
century city like Quebec  
have in common with the  
Internet?

# Role of Quebec in the 18<sup>th</sup> Century Communications Network

Quebec was the 18<sup>th</sup> Century access gateway for the northern interior of the North American domain.

Whoever controlled Quebec was able to set the policy on what traffic was allowed through the firewall.

Je me souviens -  
Quebec City

Research In Motion  
has been proud to  
play host to IETF #81
