Security for TCP RTP/AVP

❏ Which transport option? (WG picks one):

    ▶ (1) `TCP/TLS/RTP/AVP`

    ▶ (2) `TCP/RTP/SAVP`

    ▶ (3) No security option for TCP RTP/AVP.

❏ `If (1) or (2) ...`

    ▶ Security transport needs an I-D home.

        ● `contrans`? Will delay Last Call.

        ● An MMUSIC I-D? New or existing?

    ▶ Security transport needs a volunteer, or ...

    ▶ ... a long wait for Lazzaro-cycles (Fall 05+).
