IPPM Agenda

Agenda

- Administrativia (10 min)
  - Scribe, Minutes, Blue Sheets
  - Status of Drafts and Milestones
- One-Way Active Measurements Protocol (2x15 min)
  - Stanislav Shalunov
  - Zhang Shu
- Reordering Drafts (2x15 min)
  - Anura Jayasumana
  - Al Morton

Agenda (2)

- ## Implementation reports for RFC2678-2681 (n x 10 min)
  - Matt Zekauskas
  - Henk Uijterwaal
  - ... (any other contributions)

- ## IPPM Reporting MIB and Metrics Registry discussion (3x10 min)
  - Jessie Jewitt & Emile Stephan
  - Tom Nadeau

  - Discussion on how to proceed

- ## Any Other Business

Status: Milestones

- List has been cleaned up after Seoul

- Aug 04 Create draft on a One-Way Active Measurement Protocol that satisfies the requirements document.

- Aug 04 Create initial draft on the definitions of link bandwidth capacity.
    - Need a volunteer

- Oct 04 Submit draft on the One-Way Active Measurement Protocol to the IESG for consideration as a PS.

- Oct 04 Submit draft on a packet reordering metric to the IESG for Proposed Standard.

Milestones

- Dec 04 Submit draft on a MIB for reporting IPPM metrics to the IESG for Proposed Standard.

- Dec 04 Submit link bandwidth capacity definitions draft to the IESG, for consideration as an Informational RFC.

- Dec 04 Collect implementation reports for RFCs 2678-2681

- Feb 05 Discuss rechartering or ending working group.

- New work items?

Drafts

- In progress:
  - A One-way Active Measurement Protocol (OWAMP)
  - IP Performance Metrics (IPPM) metrics registry
  - IP Performance Metrics (IPPM) reporting Information Base (MIB)
  - Packet Reordering Metric for IPPM

New work items

- **Bandwidth draft:**
  - Material exists
  - Needs a volunteer
- **New work items:**
  - Multi-to-Multi measurements
    - Suggest to do personal draft.
  - Traceroutes
    - Take to mailing list.
- **Implementation reports**
