http://ietf81streaming.dnsalias.net/ietf/ietf808.m3u

Blue Sheet, Scribe, Agenda Bashing

Agenda:

- Status Update

- Drafts review

    - RFC5336bis
    - RFC5335bis
    - RFC5337bis
    - RFC5721bis
    - RFC5738bis
    - POPIMAP-Downgrade

- AOB

- Wrap up and Adjourn

RFC5336-bis

Draft-ietf-eai-rfc5336bis-11

Recent changes:
- Trace Fields support UTF8

Recent comment (from Chris) made on revision -11
- To review and revise
- need more review and feedback from WG

Ready for WG LC?
- Will initiated Aug 11, 2011

RFC5335bis

Draft—ieft-eai-rfc5335bis-11

We have feedbacks and need more
Recent comment (from Chris) made to revision -11
    - Encoded Words, Length Limit
    - Editors agreed and new revision will publish soon

Discussion:
Message-ID supports UTF8 or not

The current ABNF does not allow UTF8 in Message-ID's domain

Is there issues in allowing UTF8 in the whole Message-ID?

What to do with commentary material?

RFC5337bis

Draft-ietf-eai-rfc5337bis-03

Need more review and feedback from WG.

Any outstanding issues for LC?

RFC5721bis

Draft-ietf-eai-rfc5721bis-02

Need more review and feedback from WG.

Any outstanding issues?

RFC5738bis

draft-ietf-eai-5738bis-01

Need more review and feedback from WG.

Any outstanding issues?

POP & IMAP Downgrade

Draft-ietf-eai-popimap-downgrade-02

Presentation from Kazunori Fujiwara

Discussion:
Issues in "Downgrade" Backward Pointing Address

Any Other Business?

(Open Discussion)

Wrap Up and Adjourn. (Remember to sign blue sheet)
